July 2016 Edition

A Message from Andrea Scofield..2016 MCAHRMM President

There's so much running through my head right now as I prepare to go to my very first AHRMM conference. I've never been to San Diego, and while I may not have time to see many sights what an amazing venue AHRMM has chosen to lure its members in for the experience.

There are more learning options in the 3 day conference than there are states! There are 52 learning labs, plus 10 pre-conference options, and a general session each day. I feel like I'm going to be slightly overwhelmed by the choices, but luckily I'll have several fellow MCAHRMM members attending as well. If you are going I encourage you to say hello and be on the lookout for **Kelly Wagner, Tricia Weisz, Joanie Nei, Jerry Holm, Mike Hoffman and Pat Marier, Chris Wiekert and me.** We really would like to be able to have some time with you while you are there!

MCAHRMM President Elect Mike Hoffman will be presenting this year on Tuesday August 2nd at 2:30pm. The title is Supply and Equipment Optimization, for those who aren't able to go to AHRMM, Mike will be presenting to our members at our fall conference in October. When it comes to conferences finding the value in the offerings and the funds to attend are the biggest obstacles. Fortunately, I have employers who understand it is through this conference along with the MCAHRMM conferences where I learn and network with the best of the best. I'm honored to be attending and will be sharing my experiences with you in the next newsletter.

Please mark your calendars and be on the lookout for the MCAHRMM Fall16 which is taking place at the U of M St. Paul Campus Continuing Education and Conference Center on October 14th. If you can join us the night before, we are having a networking event at the Radisson Hotel in Roseville on October 13th from 6-9.

Until next month,

Andrea Scofield
