Time	Topic
7:30am – 8:15am	Breakfast & Registration
8:15am - 8:30am	Welcome
8:30am – 9:30am	<p><u>Capital Equipment Replacement Planning</u></p> <p>Dan will present on the development and ongoing capital equipment replacement planning strategies that have been developed by Supply Chain Management at Allina Health.</p> <p><i>Presented by: Dan Marcouiller, Contract Manager, Allina Health</i></p>
9:30am – 9:45am	Break
9:45am – 10:45am	<p><u>What if Walmart Were an ACO? (Accountable Care Organization)</u></p> <p>New payment models are forcing innovative delivery models. There are now roughly 500 Medicare/private insurance ACO's. Walmart offers no-cost coverage for orthopedic implant procedures at four U.S. health systems. Participate in a provocative discussion on how the industry would dramatically change if Walmart's model were expanded to an ACO.</p> <ul style="list-style-type: none"> • Identify the components of accountable care. • Highlight the current response of Walmart to accountable care. • Recognize how the industry would quickly change if Walmart was an ACO. <p><i>Presented by: Mary Beth Lang, RPh, MPM, DSc, Vice President, HC Pharmacy and SCM Commercial Services, UPMC</i></p>
10:45am – 1:15pm	Vendor Fair and Lunch
1:15pm – 2:15pm	<p><u>Supply & Equipment Optimization</u></p> <p>In today's healthcare environment, the need to provide reliable and efficient service is crucial. Nurses and other healthcare professionals need to focus strictly on patient care knowing supplies and equipment are available when and where they need them. Care givers who don't have the supplies and equipment they need can impact their ability to provide great patient care. The goal of service departments is having supplies and equipment readily available at any hour of the day without end users fear of running out. This presentation focuses on lean processes used at Sanford Health and how we have progressively improved in our service to end users throughout the years. The context is tailored towards the ability to provide reliable and efficient service and also to explain our lessons learned through some of the struggles we have encountered.</p> <ul style="list-style-type: none"> • List the reliability and efficiency methods of Sanford Supply Chain Management Operations. • Apply lean principles to your own situations and workflow. • Assist in change management with employees and end users. <p><i>Presented by:</i> <i>Ryan Hulme, Director of Supply Chain Operations, Sanford Health</i> <i>Michael Hoffmann, Director of Supply Chain Operations, Sanford Health</i></p>
2:15pm – 2:30pm	Break
2:30pm – 3:30pm	<p><u>Workplace Violence Discussion</u></p> <p>What if an active shooter or otherwise armed person(s) entered your facility? Get the most out of your safety checklists with frontline feedback and active participation.</p> <p><i>Presented by: Officer Chris Rheault</i></p>
3:30pm - 4:30pm or following last presenter	<p><u>Certified Materials Resource Professional (CMRP) Overview</u></p> <p>During this session, you will gain insight into exam content and techniques will be provided that may be helpful as you study for this exam.</p> <p>You must register for this session. We need a minimum of 4 people to hold</p>

Registration Required for both the Conference and/or Networking Event!

MCAHRMM Conference Presenters

Dan Marcouiller

Sr. Contract Manager

Allina Health

Dan has been working in healthcare for 27 years in areas such as Managed Care, Hospital Administration, Home care/Home medical equipment, Biomed program administration, and Supply Chain.

He is currently a Sr. Contract Manager at Allina Health and responsible for capital purchasing and equipment replacement planning.

Mary Beth Lang

Vice President, HC Pharmacy and SCM Commercial Services

University of Pittsburgh Medical Center (UPMC)

As Vice President of HC Pharmacy and Supply Chain Management (SCM) Commercial Services at the University of Pittsburgh Medical Center, Dr. Mary Beth Lang is responsible for HC Pharmacy Central, Inc., a for-profit membership corporation and group purchasing organization that annually distributes \$700 million in pharmaceuticals on behalf of its members.

Prior to joining UPMC, Dr. Lang was President of Diagnostix at Amerinet and a Pharmacy Manager for the UPMC. She was a leader in the GS1 healthcare standards adoption efforts and served on the GS1US Healthcare Leadership Committee. Dr. Lang holds a BS in Pharmacy from the University of Pittsburgh and Masters of Public Policy and Management from Carnegie Mellon University and a Doctorate of Science in Information Systems and Communications from Robert Morris University where she researched "Physicians' Perceptions of Care Delivery Changes Under Healthcare Payment Reform"

Mike Hoffmann

Director of Supply Chain Operations

Sanford Health of Northern Minnesota – Bemidji

Mike Hoffmann is the Director of Supply Chain Operations for Sanford Health of Northern Minnesota. His areas of accountability include inventory management, distribution, transportation, mail services, and Food Service. His background in retail logistics and financial services has provided a knowledge base that enables him to find efficient, financially sound processes that add value to the patient's healthcare experience. He has been a part of multiple MMIS implementations bringing real time operational knowledge to the implementation team. Mike is a Certified Materials and Resource Professional (CMRP) and holds a Bachelor of Business Administration from the University of Minnesota.

Ryan Hulme

Director of Supply Chain Operations

Sanford Health Sioux Falls Market

Ryan is responsible for management of logistical operations of Sanford's Sioux Falls market including warehousing, distribution, inventory management and mobile medical equipment. His management experience in healthcare and grocery retail promotes the "patient first philosophy" and delivery of great customer service to everyone his team supports. He has used Lean Principles for continuous process improvement to help with organizational efficiencies. Ryan holds a Bachelor of Arts degree from the University of Northern Iowa. In addition to spending time with his wife and 3 kids, Ryan enjoys playing cards, basketball and fast-pitch softball.

Chris Rheault

Woodbury Police Officer, Washington County SWAT Team

Chris Rheault has been a Woodbury Police Officer Paramedic for the past 14 years; he has also been a Negotiator of the Washington County SWAT team for 10 years. He received a Lifesaving Award as well as Negotiator of the Year.

Officer Chris Rheault is no stranger to public speaking, as he is the founder and co-host of the South Washington County Telecommunications Commission program, "First Response."

It is because of Officer Rheault's experiences he is our expert presenter for "Violence in the Workplace."
