It is the personal responsibility of each participant to determine whether this activity meets the requirements for acceptable continuing education by the licensing organization.

To earn contact hours, participant must attend all sessions and complete an evaluation form.

**Additional contact hour available at educational session on Wednesday evening.**

# MCAHRMM Conference Schedule

## Wednesday, June 7<sup>th</sup>, 2017

Time	Description
7:00p.m.-10:00p.m.	<b><u>Networking Event – beverages and light food provided. Join your colleagues for an evening of networking and education.</u></b>
7:30p.m.-8:30p.m. <b>COMBINED SESSION</b>	<p><b><u>Importance of ATP Testing in Sterile Processing Department and Central Sterilization Environments</u></b>  <i>Presented by: Brian Vialva</i>  <i>ATP Help Desk/National Sales Support</i>  <i>Ruhof Corporation</i>  <u>Sponsored by Ruhof Corporation</u></p> <p><b><u>Description:</u></b>            Every hospital and surgery center’s main goal is to provide the best care for their patients. Hundreds of thousands, if not millions, are expensed to meet that goal. ATP is an energy molecule found in all animal and plant life. Hence, it’s the perfect vehicle for testing the cleanliness of scopes, instruments and surfaces. The ATP Complete is an affordable device that helps hospitals and surgery centers meet their most important goal which is to provide excellent health care.</p>
9:00 pm –10:00 pm	<b><u>S’mores: Vizient is sponsoring a S'mores Bar to be enjoyed by the lake view and bonfire.</u></b>

## Thursday, June 8<sup>th</sup>, 2017

Time	Description
8:00am - 8:30am	Registration: Includes Continental Breakfast
8:30am - 9:00am	Business Meeting
9:00am – 10:00am <b>COMBINED SESSION</b>	<p><b><u>Stress, Burnout, and Emotional Intelligence: Even Great Leaders Make Bad Decisions</u></b>  <i>Presented by: Calvin Guyer Certified Professional Coach (CPC), Certified Financial Planner (CFP®), Certified in Emotional Intelligence (EQ-i<sup>2.0</sup>)</i>  <i>Owner</i>  <i>Carpe Diem Coaching</i></p> <p><b><u>Description:</u></b>            Stress in the workplace impacts different people in different ways. This presentation will provide context around stress, emotional intelligence, and self-efficacy and how they relate to burnout. The evidence continues to mount showing a negative correlation between stress and a person’s ability to access their emotional intelligence. The participant is introduced to the stress resilience model to assist with managing stress and its negative effects on colleagues and work performance.</p>

10:00am - 10:15am	Break
10:15am - 11:15am <u>Supply Chain Track</u>	<p><b><u>A Brave New World: Contracting Tips and Washington DC Update</u></b>  <i>Presented By: Angie Boliver, MA, JD</i>  <i>Vice President, Strategic Communications</i>  <i>Vizient, Inc.</i></p> <p><b><u>Description:</u></b>  This session will delve into the ins and outs of health care supply chain within a rapidly evolving health care industry. In this session, we will first focus on contract negotiation, discussing issues to consider when negotiating with suppliers and focusing on specific terms and conditions that can have a big impact. In addition, the health care industry is facing potentially large changes under the new Administration. We will discuss the evolving health care policy landscape and discover how the latest activity in Washington DC can affect providers – and the health care supply chain – over the coming months.</p>
10:15-11:15 am <u>CPD Track</u>	<p><b><u>Taking Control of Your Inventory – from Warehouse to Point of Use</u></b>  <i>Presented by: Alison Sonstelie, CRCST, CHL, Bachelor of Science, Biology</i>  <i>Supply Chain Operations Manager</i>  <i>Sanford Health, Fargo, ND</i></p> <p><b><u>Description:</u></b>  Sanford Health has transformed their inventory services into a standardized system that provides clear expectations for the customer. It wasn't always this way, and it wasn't easy to get there. We will discuss:</p> <ol style="list-style-type: none"> <li>1. The different methods we use to distribute product from warehouse to point of use - to inpatient bedside, operating rooms, and exam rooms.</li> <li>2. Implementing consistent systems that are user-friendly (or require no customer action at all) for customers to have what they need, when they need it.</li> <li>3. How to create service agreements with your customers that provide expectations they are comfortable and confident with and service targets you can consistently hit.</li> </ol>
11:15am - 11:30am	Break
11:30am - 12:30pm <u>Supply Chain Track</u>	<p><b><u>Technologies to Keep an Eye On: ECRI Institute's 2017 Technology C-Suite Watch List</u></b>  <i>Presented by: Marc Schleesinger, RRT, MBA, FACHE</i>  <i>Senior Associate</i>  <i>ECRI Institute.</i></p> <p><b><u>Description:</u></b>  What does 2017 herald for healthcare? The pressure to focus on creating high value that balances costs, quality, and outcomes continues as health system leaders wonder about what changes the new U.S. administration will bring to these ongoing initiatives and how they will have to adapt or adhere. Perhaps faster approvals of drugs and devices, but the battle about high drug costs will continue.</p> <p>ECRI Institute presents its <i>2017 Top 10 Hospital C-suite Watch List</i>. It includes both technologies and critical technology use issues we think should be on your radar.</p>

<p><b>11:30am - 12:30pm</b> <b>CPD Track</b></p>	<p><b><u>Joint Commission Ready</u></b> <i>Presented by: Mark Duro, CRCTS, FCS</i> <i>Director of Education</i> <i>SPS Medical/Crosstex</i></p> <p><b><u>Description:</u></b> This presentation will outline who audits healthcare facilities. The presentation will discuss the audit process as well as explain common areas of focus during the process. Areas of Sterile Processing and HLD will be discussed.</p>
<p><b>12:30pm - 1:30pm</b></p>	<p><b>Lunch</b></p>
<p><b>1:30-2:30 pm</b> <b>COMBINED</b> <b>SESSION</b></p>	<p><b><u>Dispelling the myths and fears around cleaning, verification, tracking &amp; monitoring in reprocessing</u></b> <i>Presented by: Mary Ann Drosnock, MS, FAPIC, CIC, CFER, RM (NRCM)</i> <i>Manager of Clinical Education</i> <i>Healthmark Industries</i> <b><u>Sponsored by Healthmark</u></b></p> <p><b><u>Description:</u></b> Currently, there are many methods of cleaning, tracking, verification and monitoring of equipment during reprocessing. This presentation will attempt to break through the fear and confusion about what the options are and how to use them correctly. Facilities shouldn't be afraid to discuss these issues, but instead should gather all of the knowledge that they can to make informed decisions. During the presentation, we will discuss the AAMI standards and other professional guidelines, and discuss the new or the latest methods of cleaning, tracking, and monitoring and dispel the myths. We will also delve into hot topics such as what is being heard about the concerns of the end users in central sterile supply professional.</p>
<p><b>2:30pm-2:45pm</b></p>	<p><b>Break</b></p>
<p><b>2:45pm-3:45pm</b> <b>COMBINED</b> <b>SESSION</b></p>	<p><b><u>Leadership Development: A Core Competency</u></b> <i>Presented by: Calvin Guyer Certified Professional Coach (CPC), Certified Financial Planner (CFP®), Certified in Emotional Intelligence (EQ-i<sup>2.0</sup>)</i> <i>Owner</i> <i>Carpe Diem Coaching</i></p> <p><b><u>Description:</u></b> One true test of a leader lies in their ability to develop other leaders. This presentation will provide a model to identify high potential members of your team. Various tools and resources will be presented for every leader to adopt to increase individual engagement and get higher performance from the teams they lead.</p>
<p><b>3:45-4:00 pm</b></p>	<p><b>Break</b></p>
<p><b>4:00pm - 7:00pm</b></p>	<p><b>Networking &amp; Vendor Expo Poolside</b></p>
<p><b>7:00pm</b></p>	<p><b>Door Prizes</b></p>

# MCAHRMM Conference Schedule

Friday, June 9<sup>th</sup>, 2017

Time	Description
7:30am - 8:30am	Registration & Breakfast
8:30am - 10:00am <b>COMBINED SESSION</b>	<p><b><u>Idea Generation for Supply Cost Savings</u></b>  <i>Presented by Darcy Aafedt, CMRP, FAHRMM</i>  <i>Decision Support Sr. Manager</i>  <i>Banner Health</i></p> <p><b><u>Presentation:</u></b>            Banner Health Supply Chain set out to change the culture and engage everyone across the system to consider supplies' impact on cost, quality, and outcomes. Traditional methods to research and address cost savings ideas is cumbersome and time-consuming. Supply chain identified and implemented an electronic process that nearly eliminates the traditional research method and supports rapidly going from idea phase to cost savings implementation. Using the electronic Idea Center model not only allows supply chain to make best value products and services available in a timely manner, but it does so in a more efficient and cost effective manner.</p>
10:00am - 10:15am	Break
10:15am - 11:30am <b><u>Supply Chain Track</u></b>	<p><b><u>Supplier Relationships 2.0: Realigning Roles and Expectations between Suppliers and Supply Chain Management Staff to Achieve Better Product Conversion Outcomes</u></b>  <i>Presented by:</i>  <i>Jane Torzewski, RN, MN, MBA</i>  <i>Senior Category Manager, Medical Device Contracting</i>  <i>Mayo Clinic</i>  <i>Troy Lothar</i>  <i>Regional Vice President of Perioperative Consulting Services</i>  <i>Medline Industries</i></p> <p><b><u>Presentation:</u></b>            This presentation focuses on the value of clarifying roles and expectations between supplier and supply chain management staff to maximize product conversion outcomes. The objectives include: defining how realigned relationships can better meet the needs of the healthcare facility and the supplier, describing behaviors of suppliers and supply chain management staff that will potentially create more efficient product conversions and explaining key success factors for effective supplier relations.</p>
10:15am - 11:15am <b><u>CPD Track</u></b>	<p><b><u>Wet Packs: Time to Reprocess</u></b>  <i>Presented by David Jagrosse, CRCST, CHL</i>  <i>President</i>  <i>David Jagrosse Consulting, LLC</i></p> <p><b><u>Description:</u></b>            This program covers all the variables and conditions that lead to wet packs during sterilization. Topics covered are Engineering, utilities, steam quality CSS variables such as wrapping and cart loading techniques. A wet pack check list is included with the program and other tools and ideas on monitoring and solving this issue.</p>

<b>11:15am -11:30am</b>	<b>Break</b>
<b>11:30am - 12:30pm</b> <b><u>Supply Chain Track</u></b>	<p><b><u>Contracting in Healthcare: Terms and Conditions Every Supply Chain Leader Should Know</u></b></p> <p><i>Presented by William G. Nestor III, JD, MBA, HCCP</i> <i>Director of Operations</i> <i>Mount Sinai Hospital</i></p> <p><b><u>Description:</u></b> This presentation will provide an overview of twenty-five (25) critical terms &amp; conditions in contracts for the purchase or sale of goods and services throughout the healthcare industry. From dealing with payment, taxation, and delivery options; to distinguishing “limitation of liability” from “indemnification” from “insurance”; to drafting an effective risk-share clause; to deciding what State’s laws shall govern the parties’ rights and obligations, this presentation will advance the comprehension of common terms &amp; conditions as well as present new and unfamiliar contracting ideas. In today’s increasingly complex and competitive marketplace, it is imperative that everyone from healthcare providers to administrative staff, supervisors, managers, directors and executives understand the significance of the agreements that bind them and their organizations. The audience will leave with a basic understanding of what defines a legally binding contract; which terms &amp; conditions are most important; what those terms &amp; conditions mean and how each affects the organization; whether to include, exclude, or modify certain terms &amp; conditions; and how to successfully negotiate the "contract" portion of an agreement - which is often overlooked, ignored, or misunderstood.</p>
<b>11:30am - 12:30pm</b> <b><u>CPD Track</u></b>	<p><b><u>Inspection and Testing of Laparoscopic Instruments</u></b></p> <p><i>Presented by David Jagrosse, CRCST, CHL</i> <i>President</i> <i>David Jagrosse Consulting, LLC</i></p> <p><b><u>Description:</u></b> This program will cover an often-overlooked function within the CSS department, the testing of insulated instrumentation used in surgery. Patient burns occur far more than is acceptable. With the knowledge and education and inexpensive equipment, hospitals and CSS departments can arm themselves with the tools to prevent poor patient outcomes.</p>

**All Presentation Topics and Speakers are subject to Change**

**Thank you to all of our  
Speakers, Sponsors and Vendors  
We appreciate your support of our  
Chapter and Conference**

## MCAHRMM Conference Presenters

---

### ***Brian Vialva***

***ATP Help Desk/National Sales Support***

***Ruhof Corporation***

For six years, Brian has been involved in supporting ATP testing through explaining the positives of testing. Additionally, he has been involved in inputting changes to software that better serves the medical community. He is responsible for providing information for over 30 field representatives and answering all questions regarding Ruhof's APT Handheld and software which includes inservice support.

---

### ***Calvin Guyer***

***Owner***

***Carpe Diem Coaching***

Calvin is a graduate of Iowa State University with a bachelor of science in Electrical Engineering and Wright State University with a master of science in Electrical Engineering. He holds the CERTIFIED FINANCIAL PLANNER™ designation. Calvin has had multiple leadership roles in the Air Force and financial services industry – including Merrill Lynch, Think Mutual Bank, and Waddell and Reed. He received his formal coach training through the Institute for Professional Excellence in Coaching and is certified to conduct and assess the industry standard emotional intelligence assessment, EQ-i 2.0.

---

### ***Angie Boliver, MA, JD***

***Vice President, Strategic Communications***

***Vizient, Inc.***

Angie Boliver serves as vice president of strategic communications and public relations for Vizient. Angie leads the teams responsible for public relations, media relations, social media, member communications, corporate communications, internal communications and executive communications. She also directly serves as the strategic communications liaison for our public affairs/public policy team. Angie most recently served as senior legal counsel on the Novation legal team where she was also Novation's liaison for government affairs and public policy activities. She was actively involved in Novation's advocacy positions in Washington, DC, and regularly monitored the effects of the Affordable Care Act on the health care supply chain. Prior to her time at Novation, Angie was an associate attorney in the Dallas office of Jones Day, an international law firm, primarily in the area of complex commercial litigation. Before practicing as an attorney, she also held positions on the provider side as public relations and marketing manager at Baylor Health System in Dallas.

---

### ***Alison Sonsteli, BS, CRCST, CHL***

***Supply Chain Operations Manager***

***Sanford Health, Fargo, ND***

Alison is a Supply Chain Manager at Sanford Health in Fargo, North Dakota. Her current role is operational planning and setup for the new Sanford Medical Center, opening in July 2017. Previous roles at Sanford include CSPD Technician and Inventory Specialist for the Sterile Processing Department that won Healthcare Purchasing News CS/SPD of the year in 2014, and Supply Chain Manager at the Fargo Broadway and South University Med Centers. She is the Vice President of the Prairie Pioneers IAHCSSM chapter and has served on the IAHCSSM nominating committee.

---

---

***Marc Schlessinger, RRT, MBA, FACHE***  
***Senior Associate***  
***ECRI Institute***

Marc Schlessinger is a Registered Respiratory Therapist with over 34 years of clinical and administrative experience. Mr. Schlessinger has a BS degree in Health Care Administration from Philadelphia University and a MBA degree in Health Care Administration from Eastern University. He has board certification in healthcare management as a Fellow of the American College of Healthcare Executives. Mr. Schlessinger has held leadership positions in health care organizations in the Philadelphia area overseeing ancillary services. In his current role at ECRI Institute, Mr. Schlessinger is a Senior Associate in the Applied Solutions group, providing consulting services and assistance to hospitals concerning patient safety, alarm management, technology, and strategic planning, operations, and purchasing.

---

***Mark Duro, CRCTS, FCS***  
***Director of Education***  
***SPS Medical/Crosstex***

Mark is the previous Director of Sterile Processing Operations at New England Baptist Hospital in Boston Massachusetts. New England Baptist Hospital is a leader in orthopedics and is the official hospital of the Boston Celtics. Mark is now the current Director of Education of SPS Medical / Crosstex.

Mark has been in the sterile processing management profession for the past twenty years and is also the current Vice President of the Massachusetts Chapter of Central Services professionals.

Mark has also been a member of IAHCSSM since 1992 and has been the Chair person for IAHCSSM's orthopedic council for the past 6 years.

In 2011 Mark was awarded fellowship status within IAHCSSM and is one of 34 Fellows. Mark has also been IAHCSSM approved instructor for the past 6 years. Mark has also been part of the AAMI ST79 working group and is a voting member. Mark was recently appointed to the AAMI ST79 Advisory council and is also on the AORN news advisory for sterile processing. In 2015 Mark was appointed to IAHCSSM's Executive board. In 2016 Mark was elected to IAHCSSM President elect.

In 2012 in Albuquerque Mark was awarded the educator of the year award by IAHCSSM. Mark also consults in areas of Sterile Processing nationally and internationally.

---

***Mary Ann Drosnock, MS, FAPIC, CIC, CFER, RM (NRCM)***  
***Manager of Clinical Education - Endoscopy***  
***Healthmark Industries***

MaryAnn Drosnock is the Manager of Clinical Education for Endoscopy at HealthMark industries where she provides expertise on endoscope reprocessing often presenting at conferences on effective device reprocessing and infection prevention in endoscopy. Also, currently she is co-chair of AAMI Working Group 84, which is responsible for the ST91 national standard on flexible endoscope reprocessing.

Previous to HealthMark, MaryAnn managed the Infection Control Program for Olympus America. There she had responsibility for Infection prevention/ & Device Reprocessing Functions. Prior to Olympus, MaryAnn worked as a pharmaceutical microbiologist and taught Microbiology courses at the college level. MaryAnn has a B.S. in Biology and an M.S. in Quality Assurance and Regulatory Affairs. She is certified in Infection Control through APIC, as a Flexible Endoscope Reprocessor, is a Nationally Certified Registered Microbiologist and is an APIC fellow.

---

---

***Darcy Aafedt, CMRP, FAHRMM***  
***Decision Support Sr. Manager***  
***Banner Health***

Darcy Aafedt is Decision Support Senior Manager for Banner Health. She provides leadership to drive supply chain cost improvement across Banner Health for the achievement of its supply cost strategic initiative. Aafedt implements and manages supply cost improvement measurements and results monitoring relative to supply chain management functions. She is a business administration and communication graduate of the University of North Dakota. She also holds the Certified Resource and Materials Professional (CMRP) certification and Fellow of the Association for Healthcare Resource and Material Management (FAHRMM). Aafedt is active in the Association for Healthcare Resource and Materials Management, AHRMM, serving as AHRMM Board member and chair of the Fellow Committee, and its local chapter, Arizona Healthcare Materials Management Association, AHMMA, for which she is a past president.

---

***Jane Torzewski, RN, MN, MBA***  
***Senior Category Manager, Medical Device Contracting***
